

Venus Outback, Morphine

Enslave me
Dark is beauty
Like that orphan in my morphine for my soul
Deprave me
It's your duty
I'm your corpse (and) you're my grave

All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have is you

Receive me
Black crusader
Penetrate my deepest hatred and desires
Deceive me
Black invader
Ease my pain, kill my flame

All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have, all I need now (is)
Morphine for my soul
Makes me whole
All I have, all I need now (is)
Morphine for my soul
