

Venus Outback, Tomorrows God

I don't wanna live in the open space
I don't wanna be in a target race at all
I don't wanna be another rollinghoop man
Getting up at eight, do my blowjobs and go (back) to bed at ten
I don't wanna feel like a barbwired fence
I don't wanna feel when my body's tense and dead
I don't wanna have a sorrowed soul to share
Taking that my God is tomorrow's God and I can't bear to lose him

I don't wanna live a life without a name
I don't wanna die day by day with my flame
When I know tomorrow's God is here to stay

I don't wanna feel like a driving rain
I don't wanna speak when my soul feels pain, at all
I don't wanna cry when my love gives head
Take it all away, take it all away, take it all away
She said
I don't wanna feel like a barbwired fence
I don't wanna feel when my body's tense and dead
I don't wanna have a sorrowed soul to share
Taking that my God is tomorrow's God and I can't bear to lose him

...for the shemale who swallowed Anti-Christ whole.

I don't wanna live a life without a name
I don't wanna die day by day with my flame
When I know tomorrow's God is here to stay

I don't wanna live a life without a name
I don't wanna die day by day with my flame
When I know tomorrow's God is here to stay
