

# Venus Outback, Voyeurs

I wanna be God  
Spiron Johd  
Do you believe in me  
Well I want you to see  
Whatever I change  
I want you to see  
Whatever I arrange  
I tick from the start  
I'm sonic art  
Well I'm licking the hearts of all  
Well I'm taking their falls  
Making them rise  
Make them voyeurs  
The Othersiders

Stay alive with me tonight love  
Stay alive just one more night  
They'll arrive with me tonight love  
We'll go on a voyage  
Where no-one's ever gonna let you down

I'm wanting it TOO  
Making us THREE  
Creating it all FOR you  
Making us FIVE  
Do it for you  
Bring you alive  
I'm pulling you through

Stay alive with me tonight love  
Stay alive just one more night  
They'll arrive with me tonight love  
We'll go on a voyage  
Where no-one's ever gonna let you down

Stay alive with me tonight love  
Stay alive just one more night  
They'll arrive with me tonight love  
We'll go on a voyage  
Where no-one's ever gonna let you down

(They'll arrive with me tonight love)  
(Stay alive with me tonight love)  
(Where no-one's ever gonna let you down)

(Stay alive with me tonight love)  
(They'll arrive with me tonight love)  
(Stay alive with me tonight love)  
(Where no-one's ever gonna let you down)
