

# Venus, She's So Disco

A man with a tattoo  
Made me a rendez-vous  
He met Lolita in a bar in Soho  
The glitter on her lips  
The way she moved her hips  
Dancing to the beat of the stereo

She's so disco

He said : "You're gonna be my queen  
Come on, shake my tambourine  
You'll be the superstar of my floor show"  
They drank a lot and jived  
Ran away from the lights  
Rushing at the doors of the Glass Bowl

She's so disco  
She's so disco  
She's so disco  
She's soooooo disco

He took her for a ride  
Kiss me, hold me tight  
Don't resist, pump up the volume of the radio  
It was the dead of night  
Not a single soul in sight  
Lolita yields to the killer gigolo

She's so disco

A man with a tattoo  
Made me a rendez-vous  
He met Madonna in a bar in Soho  
The glitter on her lips  
The way she moved her hips  
Dancing to the beat of the stereo

She's so disco  
She's so disco  
She's so disco  
She's soooooo disco
