

# Vera Vuitton, Don't You Wish

I wake up,  
It's 4 a.m.  
Looked up at the clock  
Started dreamin' of you again  
All the time  
You act so blind  
I know you see a girl in heat  
Feelin' me, Readin' me  
But damn  
You such a nice hottie  
Well then Bobbie  
I got ploy, how 'bout a boy toy  
She doesn't need to know about us  
And it wouldn't change a thing I know

You're lookin' stable and hot  
Goin' anywhere tight  
Don't stay out all night  
And I don't care 'bout that much no  
I just wanna be your wish  
Don't you wish  
If only for a night or two  
All the things I love to do  
No temptations calling you  
Don't I wish  
That you would leave your women so  
I'd capture you with all my charms  
Just to have my way with you

Dear God,  
I'm never gonna ever be hurt (no way)  
A guy can hold me down  
I gotta do my thang  
I wanna be bad with you  
"I, I, I, I"  
That's all  
Can't you see  
Understand  
Be my man  
Just one night  
Hold me tighter  
Ooh tighter and tighter  
Until I tell you to stop  
No I didn't mean stop  
I meant go go  
Come to me

You're lookin' stable and hot  
Goin' anywhere tight  
Don't stay out all night  
And I don't care 'bout that much no  
All I want is just one wish  
Don't you wish  
If only for a night or two  
All the things I love to do  
No temptations calling you  
Don't I wish  
That you would leave your women so  
I'd capture you with all my charms  
Just to have my way with you

Boy all the funny things you do  
That made me wanna get with you

Who knows  
To feel it all up in my soul  
You say you're gonna take me home  
With you  
I don't know what to do

What the hell I'm gonna do

Don't I wish

Don't you wish  
If only for a night or two  
All the things I love to do  
No temptations calling you  
Don't I wish  
That you would leave your women so  
I'd capture you with all my charms  
Just to have my way with you

(Repeat)

Don't I wish  
That you would leave your women so  
I'd capture you with all my charms  
Just to have my way with you
