

Vera Vuitton, Haunted Heart

Ooh

Ooh

Ooh

The candle

Pictures of you

The things I, I plan to do to

You won't see until I'm done

My potion has just begun

Now you feel obsessed with me

You're wanting more, you're needing me

In sleep, you dream and think of us

And when you wake you're still in love

I change your thoughts your mind's not clear

Except for what I make you feel

I know my magic's taking hold

You're losing all your self control

(Chorus:)

Once I make a spell I'll haunt you

You're haunted, you know you are

There's no way you can get away from, your haunted

Your haunted heart

My wish is your command

I've got you in the palm of my hand

With one touch, you're mine for good

It's working just the way I planned it would

Now you feel obsessed with me

You're wanting more, you're needing me

In sleep, you dream and think of us

And when you wake you're still in love

I change your thoughts your mind's not clear

Except for what I make you feel

I know my magic's taking hold

You're losing all your self control

(Chorus 2x)

I came to you in the midst last night

Through the window I crept by your side

You want me, and I want you

Oh...

But now I can see you cast your spell on me tooooo...

Once I make a spell

I'll haunt you

Haunted

You're haunted

You know you are

Once I make a spell

With one touch you're mine for good

Haunted

Your haunted heart

Oh, no no no

(Chorus 5x)

(Fade)
