

Verbena, John Beverly

no matter how cold it seems
youre my hell now?
no matter how cold it seems
youre my hell now?
this place will never stop
it burned this town
its a shot
underneath your level skin
shot
monkey see as monkey do
shot
got a dollar for a sin
shot
youre so pretty when you sleep
taste your poison skin
get you in yea get you in
taste your poison skin
get you well now
get you well now
this place will never stop
it burned this town
its a shot
underneath your level skin
shot
monkey see as monkey do
shot
got a dollar for a sin
youre so pretty when you sleep
this place will never stop
it burned this town
its a shot
underneath your level skin?
shot
monkey see as monkey do
shot
gotta give it gotta get a shot
youre so pretty when you sleep
youre so pretty when you sleep
