

Verbena, Pony Express

its crazy how much i could fall in love
you have no conscience just because you think that youve got it inside you
well sorry that you think im so uptight
you are so jaded and you think that everything was made just for you
youre supposed to be the one with ideas
i cant have patience for too long
youre not the only one for expectations
good or bad
right or wrong
the pony express will get the telegram
im sure you like me i just got that right
if you love me
i promise i wont bite
its clue clue clueless
youre supposed to be one with ideas
i cant have patience for too long
youre not the only one with expectations
good or bad
right or wrong
