I wonder if he only knows

That I think bout his eyes all the time

I wonder if he only knows

That His only one I think about

Hes Reason for the tears on me

Hes The reason why Im not sleeping

Im laying on the Bed and Want have him right here beside me

Those

Beatufull eyes

Beatufull eyes

Stare right into mine

Those beatufull eyes

Those beatufull eyes

Sleeping in my mind

He has amaze smile

He has pretty much of that

I Know that Ive met beatufull eyes

Anything I want its him

I fell in his beatufull moves

Anything I Dreampt is him

I fell in his pretty Smile

And when Im looking out of me

I am seeying only one

Only one thing

His Beatufull eyes

I knows Impossible

But Miracles are here

So Maybe Hell want be

Mine forever now or ever

Its so hard to realize

When My heart just wants to beat

My heart belongs to him

But He doesnt know

So What else I could do
