

Versailles, Lamentations

Damnation,
Im taking it all away,
Taking his tears away,
Keeping the wolves at bay.

Rephrase

(And sometimes I feel crazy,
And sometimes youre angry.
But I can feel your stare,
Right into me like a prayer.)

And Im okay,
I learned my lesson today,
You kept my wings aflame,
Now I know what they mean by shame.

Rephrase

And Ill wait till dawn,
Cause Im all alone,
Cause Im all alone.
