

Vertical Horizon, Send It Up

Oh you make me lay down
Oh you make me forget I am here
Oh you're making me safe now
Oh you make the faces diappear

I'm all right by the way
Everyone saves the day
Sometimes I feel it

CHORUS
Send it up
Send it up now
Send it up

Send it up
Send it up now
Send it up

Oh I feel so close now
Oh you're taking me back from where I've been
Oh I'm not alone now
Oh you rest me up and rush me in

I'm all right by the way
Everyone saves the day
Sometimes I feel it

CHORUS
