

# Vertical Horizon, Slow In Time

Come to me, pull me up again  
Reach through me, wrap me in your grin  
I will wash you, I will lay you down  
Innocence you, let me see your self

Dancing slow in time, time  
Falling forward and watching  
Dancing slow in time  
To the song inside

All these arrows, aiming for my soul  
Empty pharoahs, never make me whole  
I surrender, I will draw you in  
Come closer, let me breathe again

Dancing slow in time, time  
Falling forward and watching  
Dancing slow in time  
To the song inside

Take this heart and hold it here  
Keep it as your own  
'Cause all I want I need you here  
'Cause I can't dance alone

You surround me, oh your silver skin  
So it drowns me, feel the burns within  
I am of you, so you are to me  
All I love you, all you want to be

Dancing slow in time, time  
Falling forward and watching  
Dancing slow in time  
To the song inside
