

Vex Red, Can't Smile

Keep it real,
I know that something is wrong with you.
I am too impatient to wait for something new.
Why can't I say what I need you to hear?
Find it hard to dream, I know that you are near.
You are near.

You'll be there to laugh your head off when I fall.
I will go with them to look for something more.

Subject to change, will you identify?
Look at me close you'll see that I can't smile.
I can't smile.
I can't smile x8

Weird Voice:
Now Smile.
Excuse me?
Smile.
Why?
Just do it.
I'm sorry, I can't smile without a reason.
Smile.
What's there to smile about?
Just do it!
Why?

Think you're so good with your toking, fuck your smoking.
That's not what its all about. x8
