

Vicious Rumors, Six Stepsisters

Oh those girls just wanted to play.
All in one body, they drive me insane.
Never encountered a love so cold.
Over and over and over they go.
I couldn't take her screaming like that.
Six tortured souls in one body trapped.
They fight to control the thought of one brain.
Blood-thirsty kin one in the game
Six stepsisters play the game.
Two in the night, two by day.
One says she loves me, one wants to kill me.
I've never felt a feeling like that.
The sex is so dirty, I like it like that.
Three at one time, one's on the floor.
The two that are lovers they always want more.
I couldn't take her screaming like that.
Six tortured souls in one body trapped.
Blood-thirsty kin one in the same.
Lying there bleeding, calling my name
Six stepsisters play the game.
Two in the night, two by day.
One says she loves me, one wants to kill me.
The things we've done --- Six times the fun.
I couldn't take her screaming like that.
Six tortured souls in one body trapped.
They fight to control the thought of one brain.
Blood-thirsty kin one in the game
