

# Vicky Beeching, Only Your Love

I've been hiding, I've been running away  
But I am so tired of staying the same  
Grace is calling, grace is drawing me back home  
To You alone

Chorus:  
Only Your love changes me  
Only Your love sets me free  
Only Your love can take my fear and doubt  
And change me from the inside out  
Only Your love

In this moment, with a heart wide open  
I cry, "come and heal my life"  
Mercy meets me, I'm completely amazed  
I'll never be the same

(chorus)

I am reaching out, so in need of You  
Come and heal my life  
Come and make me new

I am reaching out, so in need of You  
Come and heal my life  
Come and make me new

How I love You  
How I love You  
How I love You  
How I love You

(chorus)

Amazing love  
Amazing love  
Amazing love
