

Victims Family, Doo-Doo

Well you better listen up and you better listen good, 'cause I'll only say it once and I won't say it twice. Okay?

Well I'm walkin' down the street and I'm steppin' in the muck, oh shit, oh f**k I'm running amok.

Well I'm so sick and tired of the muck and the mire my heads on fire and I'm pulling teeth with pliers.

Well, you never listen to a single word that I say, it didn't matter anyway, I'm just babblin'...babblin' babylonian... ohbabybabybaby ohbabybabybaby pleasebabybabybaby, don'tleavebabybabybaby.

Well I'm stuck in the nozzle at the bottom of the bottle, it's the bottle that I guzzle, just give me a muzzle. I'm just doggy breath.
