

# Victims Family, Human Guinea Pigs

human guinea pigs  
los alamos burrow  
injected with serums  
they walk on a treadmill  
monday through friday  
they walk and get nowhere  
twisted and sideways  
and nobody cares  
human guinea pigs  
their minds on treadmill  
another experiment  
in torture and torment  
cloth mother life  
industrial death  
exposed to a toxin  
i can't draw a breath  
human guinea pigs  
do we have to be?  
caught in a mad scientist  
fantasy  
trapped and lonely  
caught in a cage  
waiting to be told  
to obey
