

Victor Vernicos, What They Say (Grecja - piosenka)

They all goes
Feet start to shake, heart starts to ache
Can't focus
Panic I lay on the floor and I hate that i'm holding on
My lungs are break and i can't stop make under
Time starts to wrink how's that I'm not afraid
Through the pain they giving
Anxious the way i'm breathing
Can't say that i'm longing for

Neither did they break my spirit
Insane and I can tell who's winning
Wish it was something i could just ignore

Well, you know what they say
Let's all make sure no one loses their way
I almost can't stand seeing others in pain
I am bold, now I got too much on my plate
And I'll save all the others 'cause for me it's too—

I'll save all the others 'cause for me it's too late

Well, you know what they say (Ooh)
Let's all make sure no one loses their way
I almost can't stand seeing others in pain
I am bold, now I got too much on my plate
And I'll save all the others 'cause for me it's too— (Ooh)
Let's all make sure no one loses their way
I almost can't stand seeing others in pain
I am bold, now I got too much on my plate
And I'll save all the others 'cause for me it's too late
