

# Victor Wooten, Me & My Bass Guitar

My name is Vic i'm gonna do a little trick  
I'm gonna play my bass without using a pick  
Travel round the world and back again  
Just taking my bass out for a spin  
You know what I'm saying

And if your ever looking for me  
I don't go too far  
Cause if you really want to find me  
You know where I are  
With me and my bass guitar  
You say it, me and my bass guitar  
Thats right

See I try to eat right, take care of my health  
Set myself up don't upset myself  
Cause I improvise  
Call and ad live  
Give what you got cause I like what you give  
And if you ever come to my house  
I'll tell you what you see  
I house full of nothin just my four strings and me

And if your ever looking for me  
I don't go too far  
And if you really want to find me  
You know where I are  
With me and my bass guitar  
Yeah you say it now, me and my bass guitar  
Thats right

Oh lord  
Its just gettin a little, a little bit too funky  
I think I'm gonna have to light a match  
Light some incense

Get up off of that funk  
Get up off of of that oooh  
Get up off of that funk  
Get up off of of that oooh  
Get up off of that funk  
Get up off of of that oooh  
Get up off of that funk  
Get up off of of that oooh

Yo Vic do that uh, do that, yeah

Me and my bass guitar  
Uh thats right just my four strings and me  
Me and my bass guitar  
If your looking for me you know where I are  
Me and my bass guitar  
Yeah thats right  
Me and my bass guitar  
Hate to leave you but I got to go  
Me and my bas guitar got to go  
Me and my bass guitar  
(Continues till song gets turned down)
