

Victor Wooten, My Life

Gonna buy me a pickle and eat it all by myself
Get me a jar of mayonnaise but leave it up on the shelf
Gonna catch me a bullfrog and kiss him right on the mouth
Take a trip to the North Pole but i'll get there walking south

Cause its my life and I can live it anyway
I got mine you got yours did you hear what I say
Cause its my life I can do what I wanna do
I can do this, I can do that
Everybody say it with me one time
Its my life, thats right

Gonna make me a record and fill it all up with bass
I can add a little keyboard if I want to but I don't
Make a million dollars and keep it all to myself
Give some to the needy if I will but I won't

See its my life and I can live it anyway
I got mine you got yours did you hear what I say
Cause its my life I can do anything I wanna do
I can do this, I can do that
Everybody sing it with me one time
Its my life, thats right

Gonna get me a mirror and drop it from the thirteenth floor
Gonna join the army but I aint gonna go to war
Gonna by me some kite string and knit myself a dress
Take a wooden nickel and send it to the IRS

Cause its my life and I can live it anyway
I got mine you got yours did you hear what I say
Cause its my life I can do what I wanna do
I can do this I can do that
Everybody say it with me one time
Its my life, thats right

And I know that I'm responsible for everything I do
But I know that I don't have to be responsible for you

Cause you see its my life and I can live it anyway
I got mine you got yours did you hear what I say
Cause its my life I can do anything I wanna do
I can do this, I can do that
I can be white, I can be black
I can be thin, I can be fat
I can be pitter or I can be pat
I could
Its my life, thats all
