

Victor Wooten, Victa

Yeah

I think its about that time baby

My Name is Victa, and I'm a winner and I know what I'm talkin' about
And just 'cause I come out on top don't mean I'm leaving you out
Yes I'm a trickster but not a sinner and you may not agree
Before you start to criticize, are U talkin' 'bout you or me?

Cause I'm your brother, your friend, I'm so much a part of you
To be the Victa deal with who U are before you worry 'bout what to do
I'm right here wich ya not against ya it may, look like deceit
But i'm always on your side even when we compete

Winnings not always the answer
All you have to do it play
When you understand the message
Then you have to right to say...

Ah my name is Victa, and I'm so finger funkin' good
You can never wash off this funky groove even if you could
My name is Victa and ah I encourage you to learn how he plays
Cause in practice there is a perfection
Now, tell 'em what I say

My name is...

And, ah, for all you players out there
I want you to pull up a chair and sit down somewhere

My Name is... I ain't gonna say it. It's already on your mind
Some may call it bragging but I ain't got the time
I'm coming to get cha, thats right, look out
I'm sneaking up from behind, I'm sneaking up from behind you

Don't worry, just a little bit more to say
I might wait 'till tomorrow it ain't gotta be today
I'm gonna tell my story, I don't know where to begin
The one thing that I know for sure; The Victa always wins

Ain't no worry in tomorrow
you just take care of today
When theres nothing left to borrow
Then you have the right to say

My name is Victa, and I'm playing like a player plays
(Yeah, set if off, baby)
My Name is Victa, and I'm playing like a player plays
My name is...

Ah the name is Bootsy baby,
Yeah just put your hands right here,
While I whisper in your ear.
And, ah, just in case you didnt' know,
I'm hear to tell you so.
Let me hear you say "Play Victa play" come on, come on, come on,

Ah My Name is Victa, and I'm so finger funkin' good
You can never wash off this funky groove even if you could.
My name is Victa and ah I encourage you to learn how he plays
Cause in practice there is a perfection.
Now, tell 'em what I say
My name is...

Oh yeah bobble, bootstrapafella here
