

# Victoria Adams, Always Be My Baby

You will always be my baby  
There's a thousand reasons why  
You will always be my baby

The minute I got with you  
My happiness doubled too  
You and I got it real bad  
And it feels real good  
So if this is a crime, I confess  
I'm giving you love, not something else (else)  
Ain't nobody can erase this  
We're permanently it, baby

You're the one I'm thinking of  
So this is what I'm gonna do  
Tell the world I'm so in love with you

There's a thousand reasons why  
You will always be my baby  
Boy I can't deny  
You sure know how to make them  
There's a thousand things you do  
Even when you drive me crazy  
All you gotta know is you'll always be  
Always be my baby

Make me happy when I wanna cry  
We're as crystal as black and white  
We can never say never  
How'd you get the next line  
But forever and now is not enough  
And you can never give me too much  
I'll never get enough of your love  
It's always on my mind

You're the one I'm thinking of (oh yeah)  
So this is what I'm gonna do (tell the world)  
Tell the world I'm so in love with you (I'm so in love with you)

There's a thousand reasons why  
You will always be my baby  
Boy I can't deny  
You sure know how to make them  
There's a thousand things you do (things you do)  
Even when you drive me crazy  
All you gotta know is you'll always be  
Always be my baby

So tell me how it is  
To know the love is real  
You're all the man I need  
You got a hold of me  
Your love is heavenly  
You bring me to my knees  
I can't get enough, of your love, yeah

There's a thousand reasons why (yeah, yeah)  
You will always be my baby (always be my baby)  
Boy I can't deny, you sure know how to make them (how to make them)  
There's a thousand things you do (baby)
