

Victoria Adams, Let Your Head Go

From the river, to the waterfall
Let the music flow
Through your fingers, through the energy
Shake your very soul

And when it feels so good, I could almost lose my mind
When it feels so good, ooh it makes me crazy, every time

CHORUS

Let your head go
Shake your body free
Coz tonight boy the beats gonna get ya
Let your head go
Baby trip on me
One more time, I will make it better
(Better) I will make it better

From the dancefloor, to your fantasy
Gotta break it down
In my system, deep inside of me
Gotta let it out

When it feels so good, I could almost lose my mind
When it feels so good, ooh it makes me crazy, every time

CHORUS x 2

Let your head go
Shake your body free
Coz tonight boy the beats goona get ya
Let your head go
Baby trip on me
One more time, I will make it better

(Better) I will make it better

And when it feels so good, I could almost lose my mind
And when it feels so good, ooh it makes me crazy, every time

CHORUS x 2

(Better) I will make it better
