Victoria Beckham, Bad Girl

Something's missing and I don't know why I always feel the need to hide my feelings from you Is it me or you that I'm afraid of I tell myself I'll show you what I'm made of Can't bring myself to let you go

Don't want to cause you any pain But I love you just the same And you'll always be my baby In my heart I know we've come apart And I don't know where to start What can I do, I don't wanna feel blue

Bad girl drunk by six Kissing someone else's lips Smoked too many cigarettes today I'm not happy when I act this way

Bad girl drunk by six Kissing some kind stranger's lips Smoked too many cigarettes today I'm not happy, I'm not happy

Something's happened and I can't go back
I fall apart every time you hand your heart out to me
What happens now, I know I don't deserve you
I wonder how I'm ever gonna hurt you
Can't bring myself to let you go

I don't want to cause you any pain But I love you just the same And you'll always be my baby In my heart I know we've come apart And I don't know where to start What can I do, I don't wanna feel blue

Bad girl drunk by six Kissing someone else's lips Smoked too many cigarettes today I'm not happy when I act this way

Bad girl drunk by six Kissing some kind stranger's lips Smoked too many cigarettes today I'm not happy, I'm not happy

This way

I don't want to cause you any pain But I love you just the same And you'll always be my baby In my heart I know we've come apart And I don't know where to start What can I do,
