

# Victoria Beckham, Let my hair down

Don't care what you think about me  
I'm gonna be who I wanna be  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
I don't know what you see  
This is real, I do it naturally  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
Tonight, I just wanna do something different, something right  
Wanna feel relaxed with my friends by my side  
Me up with my girls feeling good and looking tight  
Just like old times  
Now I'm gonna show you what I'm all about  
Me and my girls gon' make you scream and shout  
Don't care what you think about me  
I'm gonna be who I wanna be  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
I don't know what you see  
This is real, I do it naturally  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
So I, walk inside the club, champagne I'm gonna buy  
Party till tonight and you know I'm on a high  
Feel the music flow, move your body left to right  
This vibe you can't deny  
Now I'm gonna show you what I'm all about  
Me and my girls gon' make you scream and shout  
Don't care what you think about me  
I'm gonna be who I wanna be  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
I don't know what you see  
This is real, I do it naturally  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
Now I'm gonna show you what I'm all about  
Me and my girls gon' make you scream and shout  
Don't care what you think about me  
I'm gonna be who I wanna be  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
I don't know what you see  
This is real, I do it naturally  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
Let my hair down  
Come bounce with me, bounce-bounce with me  
Let my hair down  
Come bounce with me to my funky sound  
Hair down  
Come bounce with me to my funky sound, funky sound  
I'm gonna let my hair down  
Come bounce with me to my funky sound  
Don't care what you think about me
