

# Victoria Beckham, Shake it

You don't have to rock a certain style to be with me  
Just let the music take you high than you can set me free  
We can go all night baby, though I get around  
Don't you know what I'm saying, let me break it down  
We can go all night baby, though I get around  
Don't you know what I'm saying, let me break it down  
Let me see you groove it on the dance floor baby  
(Let me see you shake it now, let me see you break it down)  
Let me see you groove it on the dance floor baby  
(Let me see you shake it now, let me see you break it down)  
Shake, shake it baby  
Shake, shake it  
Shake, shake it poppa  
Shake it for me  
Shake, shake it baby  
Shake, shake it  
Shake, shake it poppa  
Shake it for me  
You don't have to be a superstar cos I'm not impressed  
And you don't have to tell me who you are to get me undressed  
We can go all night baby, though I get around  
Don't you know what I'm saying, let me break it down  
We can go all night baby, though I get around  
Don't you know what I'm saying, let me break it down  
Let me see you groove it on the dance floor baby  
(Let me see you shake it now, let me see you break it down)  
Let me see you groove it on the dance floor baby  
(Let me see you shake it now, let me see you break it down)  
I wanna see you groove  
Moving on the dance floor  
Ooh the way you move  
You blow my mind boy  
-rap-  
Let me see you groove it on the dance floor baby  
(Let me see you shake it now, let me see you break it down)  
Let me see you groove it on the dance floor baby  
(Let me see you shake it now, let me see you break it down)  
Shake, shake it baby  
Shake, shake it  
Shake, shake it poppa  
Shake it for me  
Shake, shake it baby  
Shake, shake it  
Shake, shake it poppa  
Shake it for me
