

# Victoria Nadine, Summer Rain

Nothing is for certain  
But honestly, we're looking pretty fricking great  
I've been tryna learn to  
Learn to hot take everything so seriously

Yeah, I don't need any guarantees when it comes to love  
But right now I got butterflies just thinking of you  
Oh, oh, oh

Baby, we'll wash away in the summer rain  
Maybe we don't miss [?]  
We don't know what happens when the summer ends  
But baby, we don't need to rush  
Oh-oh-oh, oh, oh-oh  
No, baby, we don't need to rush  
Oh-oh-oh, oh, oh-oh  
Baby, we don't need to rush

I might get distracted, mmm  
Might start overthinking like I always do  
But baby I don't care right now, the sun is out  
I can't stop looking at you-oh-oh

I don't need any guarantees when it comes to love  
'Cause right now I got butterflies just thinking of you  
Oh, oh, oh

Baby, we'll wash away in the summer rain  
Maybe we don't miss [?]  
We don't know what happens when the summer ends  
But baby, we don't need to rush  
Oh-oh-oh, oh, oh-oh  
No, baby, we don't need to rush  
Oh-oh-oh, oh, oh-oh  
Baby, we don't need to rush

I don't need any guarantees when it comes to love  
'Cause right now I got butterflies just thinking of you  
Oh, oh, oh

Baby, we'll wash away in the summer rain  
Maybe we don't miss [?]  
We don't know what happens when the summer ends  
But baby, we don't need to rush  
Oh-oh-oh, oh, oh-oh  
No, baby, we don't need to rush  
Oh-oh-oh, oh, oh-oh  
Baby, we don't need to rush
