

# Victory, Don't Tell No Lies

You hear them on the radio, see them on TV  
They say the things you wanna hear  
And lie so easily  
They give you this  
They give you that  
Empty promises are bait for the trap

Hear what I say  
Don't tell no lies  
Say no more  
Your words disguise  
You're never gonna win  
Don't tell no lies  
You better think again  
Don't tell no lies, think again

They say they can change the world  
And make it a better place  
But don't be fooled, they're playing a part  
In this red rat race  
So when you are alone  
When you are afraid  
Don't forget what they've made

Don't tell no lies  
Better stop  
Your words disguise  
Don't tell me no lies  
Don't tell no lies  
Say no more  
Don't tell no lies  
Think again

Your words disguise  
You're not gonna  
Screw up my life  
No more  
I know where you  
Are coming from  
I know where you belong

Don't tell no lies  
Say no more  
Your words disguise  
You're never gonna win  
Don't tell no lies  
You better think again  
Don't tell no lies

Don't tell no lies  
Say no more  
Your words disguise  
You're never gonna win  
Don't tell no lies  
You better think again  
Don't tell no lies, think again
