I'm not your mother's worst nightmare  
I'm not your mother's worst care  
I'm not your mother's worst nightmare  
I'm not your mother's worst care

So wake up take me in  
I'm not Marilyn Manson  
I'm just a guy who's got it in for you

Your devil's worst nightmare  
Your mother's worst nightmare

She might ask me over for dinner  
She might ask me over for this  
And she might want to make sweet love  
On the side of your daddy's grave

So wake up take me in  
I'm not Marilyn Manson  
I'm just a guy who's got it in for you

Your devil's worst nightmare  
Your mother's worst nightmare
