

Vienna Teng, Soon Love Soon

Soon, love, soon
Soon, love, soon

Soon, love, soon
There'll be a fire burning in the temple of our peace
Soon, love, soon
There'll be a soaring voice for our silent pleas
Soon, love, soon
We will hold our broken circle and begin to pray
Soon, love, soon
We will find a black and white in the gray

And we will be as one god
And we will be as one people
(x3)

Soon, love, soon
We will find illumination in unnatural light
Soon, love, soon
You will travel a thousand miles without leaving my sight
Soon, love, soon
We will find we never knew hatred ran so deep
Soon, love, soon
Such a wide, wide chasm of faith to leap

But we will be as one god
And we will be as one people
(x3)

Soon, love, soon
There will be an evolution of the human soul
Soon, love, soon
We will know that be a part is to be truly whole
Soon, love, soon
We will know the pattern of centuries rise and fall
Soon, love, soon
We will know that the fate of one is the fate of all

And we will be as one god
And we will be as one people
(x7)
