

# Viet Cong, Continental Shelf

When all is said and done  
You'll be around until you're gone  
Crystallized, cancelled eyes  
Illegitimate merchandise  
Don't want to face the world  
It's suffocating (suffocating)  
Undesireable circumstances  
I can't feel, no I can't feel

Fingertips in the fountain  
Fondle liquid gold  
Ice on the horizon  
The skyline folding in  
Nothing is beginning  
Edges falling off of themselves  
And the water is draining  
Off the continental shelf

Check your anxiety  
No need to suffer silently  
Convulsion vibrating  
Being violated (violated)  
Don't want to reminisce  
I can't remember (can't remember)

Fingertips in the fountain  
Fondle liquid gold  
Ice on the horizon  
The skyline folding in  
Nothing is beginning  
Edges falling off of themselves  
And the water is draining  
Off the continental shelf
