

Viki Gabor, Could Be Mad

Hey yeah, Hey yeah, ohh
Hey yeah, Hey yeah, ohh

Everyone's in a while
Think about the time when
I made love you promise
We are important and mine

I tried to tell you that
I needed you
But you did something
Cannot do you show me then
And something happen
Do you know?

And I would like you to know
Do you know?
Do you know?
And it's nice
And I lay without you

I could be mad
Could be better
(ooooo)
I don't do it lairs
I don't do it lairs
I don't it's litter bigger
(ooooo)
You can have life back
But I don't wanna get sad track

Hey yeah, Hey yeah, ohh
Hey yeah, Hey yeah, ohh

A some halo
Can't believe you left to me
But you do see the layers
Make you so ugly, so ugly

And now is never I guarantees
When you trust someone so easily
I love my lesson
I will be more careful, careful

And I would like you to know
You to know
You to know
And it's nice
And I lay without you
Without you, without you, without you, without you

I could be mad
Could be better
(ooooo)
I don't do it lairs
I don't do it lairs
I don't it's litter bigger
(oooooh)
You can have life back
But I don't wanna get sad track

I could be mad, could be better
(I could be mad, I could be)
(I could be mad)

(I could be mad, I could be)
(I could be mad, I could be)
(I could be mad)
oooo
