

# Viki Gabor, #Hot16Challenge2

used to be a happy girl  
used to travel there and there  
meeting all the fans I love  
now I gotta stay at home

speaking to every kid  
speaking to everyone my age  
we got a lot of school  
but we gon' manage anyways

and in the news we heard them say  
oh how much people are in pain  
we fight for our lives  
every night and day  
so don't lose your hope no!  
don't lose your hope no!

wszystko ułoży się  
ramie w ramie  
wiem przejdziemy to  
coraz mocniej czuje to  
że lepsze dni są od nas już o krok

pamięcią wracam do tych miejsc  
w których mogłam robić to co chcę  
superheroes to dziś my  
możemy uratować świat  
ja i ty

and in the news we heard them say  
oh how much people are in pain  
we fight for our lives  
every night and day  
so don't lose your hope no!  
don't lose your hope no!
