

Viktor Lazlo, Total Disguise

Under the blue sky
Its just you and I
And I wonder why
I cant be with
Anyone else but you
Is it something in your eyes
Or your innocent lies
That makes me feel like Im lost here
Im wandering around in total disguise
It was extraordinary
And for one too many
I loved you sevdim seni
Sen de sev beni , sev beni
Since you could make me smile
Then you could stop the world for a while
Sometimes you make me cry
Then you give me wings and make me fly
