

# Village People, Do You Wanna Spend The Night

Do you wanna spend the night

The party is nearly over  
Will you have this dance with me  
I've watched you here for hours  
set up with the passion lit  
I feel my passion darling  
and my heart beats just with you  
The evening is to the fantasy  
Tell them what you gonna do

Do you wanna spend the night  
I wanna be with you  
Do you wanna spend the night  
Say you want to see me too  
Do you wanna spend the night  
Welcome baby baby  
Do you wanna spend the night

Oh baby when i wanna be with you  
Oh honey don't you wanna see me too  
Oh baby there's so much that we can do  
Oh honey!!

Do you wanna spend the night  
I wanna be with you  
Do you wanna spend the night  
Say you want to see me too  
Do you wanna spend the night  
Come on baby, baby  
you wanna spend the night

Happiness of heart is said  
Is just a kiss away  
So accuse me baby let it see  
and trust it when they say  
I feel my body in tremble  
and the earth's last quake  
i never meant this ecstasy  
How much more can i take

Do you wanna spend the night  
I wanna be with you  
Do you wanna spend the night  
Say you want to see me too  
Do you wanna spend the night  
Come on baby, baby  
Do you wanna spend the night

Well now honey  
Let's spend the night with heart at dice  
Just you, just me underneath the lights  
Oh honey there's so much that we can do  
Don't quit me

Do you wanna spend the night  
I wanna be with you  
Do you wanna spend the night  
Say you want to see me too  
Do you wanna spend the night  
Come on baby, baby  
Do you wanna spend the night

Do you wanna spend the night

There's so much that we can do  
Do you wanna spend the night  
No one can love you like i do  
Do you wanna spend the night  
Come on baby, baby  
Do you wanna spend the night

Do you wanna spend the night  
I wanna be with you  
Do you wanna spend the night  
Say you want to see me too  
Do you wanna spend the night  
I wanna be with you  
Do you wanna spend the night  
Say you want to see me too
