

VINAI, Into The Fire (ft. Anjulie)

they call it magic they call it tragic but they don't know this thing we got
we in the fast lane a runaway train and we never gonna stop
and we run like the wolves run like the wolves run like the wolves
but its the only things we got

i been thinkin bout u
got a hold on me
yea I'm just tryna break thru
all these people round me
tryna set me free
but lord knows i will follow u
into the fire.....

I'm a believer call me a dreamer but I got diamonds in my eyes
don't need a saviour if I'm in danger well I'ma stay right here tonite
and we run like the wolves run like the wolves run like the wolves
cos your always on my mind

i been thinkin bout u
got a hold on me
yea I'm just tryna break thru
all these people round me
tryna set me free
but lord knows i will follow u
into the fire.....
