

# VINCE GILL, Cowboy Up

I'm putting on my favorite cowboy boots  
Like a crazy bull rider coming out of the chute  
Ready for some dancin', maybe too much beer  
Like bare-back rubbin' going on in here

Hey little cowgirl leave the Stetson on  
Let's cowboy up and down all night long

She said her name was Levitra Marcantonio  
I'm a bare back rider, Okie, don't you know  
These frozen margaritas are going to my head  
I could not believe it when Levitra said

Hey mister cowboy come on and take me home  
Gonna cowboy up and down, honey, all night long

All night long you're coming on strong  
All night long come and do me wrong

Hey little cowgirl leave just your Stetson on  
Gonna cowboy up and down, honey, all night long

Hey little cowgirl leave just your Stetson on  
Gonna cowboy up and down till Levitra's gone
