

# VINCE GILL, Don't Let Her Get Away

(Vince Gill, Al Anderson)

There's nothin' like the feelin'  
When you finally find someone  
You're wastin' your time  
Thinkin' the whole thing through  
If you take her for granted  
Man, it's gonna come undone  
Don't wait another minute  
'Cause she's in love with you

[Chorus:]  
Don't let her get away  
Don't let her get away  
Don't let her get away

Well, every gun town would love  
To be in your shoes  
They've never seen a woman  
Ever look so fine  
They're all waitin' for the chance  
To walk all over you  
Son I'd have to tell  
I'd be the first in line

[Chorus]  
Any fool can see you've got it made  
A love like this don't come around everyday

[Chorus 3x]  
Don't let her get away
