

VINCE GILL, I'll Take Texas

(Vince Gill)

When the Texas moon is shining down on Austin
When it shines across the Rio Grande
When it comes to makin' love
Under the stars above
Well honey I'll take Texas everytime

We danced in every ballroom down in Beaumont
And we strolled the river walk in San Antone
It's where we fell in love
Like to young turtle doves
Well honey I'll take Texas everytime

When it comes to makin' love
Under the stars above
Honey I'll take Texas
Honey I'll take Texas
Honey I'll take Texas
Honey I'll take Texas everytime
