VINCE GILL, Look What Love's Revealing

(Vince Gill, Reed Nielsen)

The sweetest smile The shyest kiss Two wounded hearts Were not expecting this

[Chorus:]
Look what love's revealing
Something to believe in
Time to start the healing
For you and me
Look what love's revealing
Promises for keeping
It's naturual as breathing
Look what love's revealing

Willing to trust
We'll make it through
You reach for me
And find me reaching too

[Chorus]

It's as natural as breathing Look what love's revealing
