

# VINCE GILL, Love's Standin'

Every morning when I wake up  
I see you without your makeup  
You still take me breath away  
Ain't no grass that's any greener  
I know there's nothing any sweeter  
Than how you make me feel this way

When I look in your eyes  
Any fool could realize  
Love's standin' right in front of me

The whole world's in a hurry  
But I don't have to worry  
Cause I found what they're looking for  
She whispered baby lay your head down  
Slips off that flannel nightgown  
How could any man ever wish for more

When I look in your eyes  
Any fool could realize  
Love's standin' right in front of me  
When I see your face  
I know I found my place  
Love's standin' right in front of me

When I look in your eyes  
Any fool could realize  
Love's standin' right in front of me  
When I see your face  
I know I found my place  
Love's standin' right in front of me
