

# VINCE GILL, Savannah (Do You Ever Think Of Me)

(Vince Gill)

Do you ever think of me  
When you lay your head down  
Do you ever think of me  
When he ain't around

Do you ever wonder why  
Our love couldn't be  
Ever since you said goodbye  
Do you ever think of me

[Chorus:]  
Savannah  
The memory just won't fade  
Savannah  
I sure wish you'd stayed with me  
Savannah

Do you ever see my face  
In your new lover's eyes  
Has my memory been erased  
Am I out of your life

I still remember our first night  
We made love so tenderly  
So when he doesn't hold you right  
Do you ever think of me

[Chorus]

If he ever lets you down  
Happiness just can't be found  
I'll still be here hangin' 'round  
Savannah

Savannah  
(Do you ever think of me)  
[repeat to fade]
