

VINCE GILL, That Friend Of Mine

(Vince Gill, Reed Nielsen)

That friend of mine wears an old work shirt
For a long long time she has blessed this earth
And a smile that shines even when she hurts
O how I love that friend of mine

That friend of mine gave her heart to me
How sweet and kind the truth can be
And God's tie that binds us as family
Oh how I love that friend of mine

She's an angel she's the answer
The sweetest piece of heaven in my eyes
She's drawn to me like gravity
I'd lay down and die for that friend of mine

She's an angel she's the answer
The sweetest piece of heaven in my eyes
She's drawn to me like gravity
I'd lay down and die for that friend of mine
I'd lay down and die for that friend of mine
That friend of mine wears an old work shirt
