

# VINCE GILL, True Love

(Vince Gill)

[8/22/84]

Is today my lucky day  
Are you gonna look my way  
And see true love

If you're not sure he holds your heart  
Don't let pride keep us apart  
You need true love

[Chorus:]  
True love is all I'm after  
I long to hear your laughter  
The only thing that matters  
Is it's true love  
It's true love

I hear your voice in every sound  
You're never there when I turn around  
I need true love

I can't quit and I won't give in  
Until you're back in my arms again  
We need true love

[Chorus]

When I look at you You look right through me  
I wish you knew  
What your love's done to me

Is today my lucky day  
Are you gonna look my way  
And see true love

Yeah...

[Chorus]

It's true love [repeat to fade]
