

# Vince Neil, The Crawl

Romance her now dance her now and then  
Show me how, show me how again  
Yeah  
Cause baby when you whisper in my ear  
Ooh, I like it, I like it  
Tell me all the words I wanna hear  
Ooh, I like it, I like it  
You make me crawl to you  
I say, you make me crawl to you  
Well I fall in not with any doubt  
Till I give in cause I can't go without  
You make me crawl to you, again and again  
Ya know, you make me crawl to you  
Ahh, I gotta know when I'm gettin' on  
With you, with you oh yeah  
Ahh, tell me what you want  
Romance her now dance her now and then  
Cause baby when I get you all alone  
You like it, you like it  
So show me how, show me how again  
Cause you make me crawl to you  
Ya know, You make me crawl to you, again and again
