

# Vince Vance And The Valiants, Christmas Time In

Its Christmas time in Texas  
Its Santa's rodeo  
We'd hang our boots for stockings  
But our feet would get too cold  
So we gather round the campfire  
And thank God for all our blessings

Yippee-Ki-Yi-Yay, get along little doggie  
Its Christmas time in Texas

Its Christmas time in Texas  
All the jingle bells are jinglin'  
We just can't wait to see what santa claus will bring us  
When you cross that old Red River Santa  
Leave your sleigh at home  
You better get yourself a pickup truck  
Cause we ain't got no snow!

We'd hang our boots for stockings  
But our feet would get too cold  
So we gather round the campfire  
To thank God for all our blessings

Now when the sun is settin'  
Oh we'll all settle down  
And feast upon the greatest Christmas feast there is around  
Now I ain't talkin' turkey and candy yams oh no  
We'll cook a pot of chili (no beans!)  
And dance Cotton Eye Joe

Its Santa's rodeo  
We'd hang our boots for stockings  
But our feet would get too cold  
So we gather round the campfire  
To thank God for all our blessings
