

Vincent Gene, Baby Blue

Well, I've got a brand new lover
I love her, yes I do
She's my one and only
And her name is Baby Blue
Well now, baby, baby, baby
Baby, Baby Blue, Yeah
Baby, baby, baby
Baby, baby, Baby Blue-oooh
Well now, when I met my baby
I say, How to do you do
She looked into my eyes and say
My name is Baby Blue.
Well now, baby, baby, baby
Baby, baby, Baby Blue O-Ohhh
Baby, baby, baby
Baby, baby, Baby Blue
(Now, now, now, now)
(Solo, background repeats baby, baby....ahhhs)
Well, I know my baby loves me
I know that she'll be true
I'm sure of this each time I look
Into her eyes of blue
Well now, baby, baby, baby
Baby, baby, Baby Blue Yeah
Baby, baby, baby
Baby, baby, Baby Blue
