

# Vinnie Vincent Invasion, Deeper And Deeper

(Vinnie Vincent)

She's the kind of girl that I love to love  
The angels sacred mystery  
Heaven sent from up above  
She's a living fantasy  
Poetry in motion she takes my breath away  
And when I drink from her fountain of love  
It tastes sweeter more each day ooh baby

CHORUS

Deeper and deeper--deep in love with you  
Deeper and deeper--deep in love with you little girl  
Lady love I know your name  
You're always on my mind baby  
Emotions that I just can't explain  
It feels just like the first time  
Heavens chosen angel the answer to my prayers  
I found a new kind of wonderful  
This magic we share

CHORUS

Deeper and deeper--deep inside my heart  
Deeper and deeper--we're never going to stop fallin'  
Deeper and deeper--deep in love with you little girl  
Deeper and deeper--deep in love with you  
I know she loves me only  
She's with nobody else  
I never thought I'd feel this way  
Words alone can't tell

CHORUS
