

Vinx, Keeping It To Myself

Time & time I ask myself what it is I'm doing,
Who it is I'm searching for & am I winning or losing

I work all day work all night, that's all I ever do
All I know is all I want is all I need is you

Ooh, ooh, ooh do the chorus

But I'm keepin it to myself, keepin it to myself
Keepin it to myself, keepin it to myself

Wake up humming next to you but don't hear my song
You don't even know the words but still you try to sin
I sing my song a song of love. I sing this song for you
You don't even know the song I sing is for you, it's so true

But I'm keepin it to myself, keepin it to myself
Keepin it to myself, keepin it to myself
