

Violent Delight, Punk Song

Theres something good and something new
Something I've just gotta do
Come on baby, just give this a try
This feelings eating me alive
It's the thing that I need to survive
I can't keep this feeling to myself

Always moving
Always losing track of you
And I don't know quite what I should do

I don't know what I'm going to be
But hey, We'll just wait and see
Can't help thinking this is true
You need me and I need you
But what ever could we do
Don't know but I'll go anyway

Always moving
Always losing track of you
And I don't know quite what I should do

Always moving
Always losing track of you
And I don't know quite what I should do
Always moving
Always losing track of you
And I don't know quite what I should do
